Hyperlinking in Spartan Space

Specific data in Spartan Space can be easily shared by creating a hyperlink with URL parameters. For example, if you want a colleague to view details in a specific room, you can create a URL that will take your colleague directly to the room, rather than taking the multiple steps to find the room via search functions.

To create a custom hyperlink:

1. Start with the Spartan Space URL (https://spartanspace.msu.edu)
2. Add a question mark (?)
3. Add the preferred parameter, as detailed below.

Show rooms by:

Building	https://spartanspace.msu.edu/**?bldg=***Building Number* *Ex:* https://spartanspace.msu.edu/?bldg=0006
Assigned MAU	https://spartanspace.msu.edu/**?assgmau=***MAU Org Code* *Ex:* https://spartanspace.msu.edu/?assgmau=10002000
Assigned Department	https://spartanspace.msu.edu/**?assgdept=***Dept Org Code* *Ex:* https://spartanspace.msu.edu/?assgmau=10002000
Allocated MAU	https://spartanspace.msu.edu/**?allocmau=***MAU Org Code* *Ex:* https://spartanspace.msu.edu/?allocmau=10014000
Allocated Department	https://spartanspace.msu.edu/**?allocdept=***Dept Org Code* *Ex:* https://spartanspace.msu.edu/?allocdept=10002360
Employee	https://spartanspace.msu.edu/**?employee=***Net ID* *Ex:* https://spartanspace.msu.edu/?employee=vince217
Room	https://spartanspace.msu.edu/**?room=CAMPUS-***Building Number-Floor Number-Room Number* *Ex:* https://spartanspace.msu.edu/?room=CAMPUS-0165-01-105
